大会简介

2026 电力电子与电力传动国际会议

2026 2nd International Conference on Power Electronics and Electric Drives

2026 电力电子与电力传动国际会议 (PEED2026) 将于 2026 年 3 月 13 日在线上召开, 为全球电力电子与电力传动领域搭建高效、便捷的学术交流桥梁。

本届会议由电子科技大学与法国上阿尔萨斯大学联合支持, 并获得 IEEE 电力与能源协会 (IEEE PES) 的技术支持。作为电力电子与电力传动领域的重要国际学术会议, 本次会议延续“电力电子与电力传动”的核心主题, 深度贴合行业发展趋势, 聚焦新兴输配电技术、输配电领域的电力电子技术、分布式发电和智能电网等方向, 致力于为国内外相关领域的专家、学者、技术研发人员提供一个高效的交流平台, 助力参会者分享最新研究成果、技术应用经验与行业实践心得, 促进学术思想碰撞与技术成果转化。

大会诚邀广大学者积极参与, 围绕电力电子与电力传动领域的最新进展、技术瓶颈与热点问题展开深入探讨, 共促行业技术创新与可持续发展。

Introduction

2026 电力电子与电力传动国际会议

2026 2nd International Conference on Power Electronics and Electric Drives

The 2026 2nd International Conference on Power Electronics and Electric Drives (PEED 2026) will be held online on March 13, 2026, building an efficient and convenient academic exchange bridge for the global field of power electronics and electric drives.

This conference is sponsored by the University of Electronic Science and Technology of China and the University of Haute - Alsace - France, and technically sponsored by the IEEE Power & Energy Society. As an important international academic conference in the field of power electronics and electric drives, this conference adheres to the core theme of "Power Electronics and Electric Drives", closely aligns with the industry development trends, and focuses on emerging transmission and distribution technologies, power electronics for power transmission and distribution, distributed generation & smart-grid, and other directions. It is committed to providing an efficient exchange platform for experts, scholars, and R&D personnel in related fields at home and abroad, helping participants share the latest research achievements, technical application experience and industry practice insights, and promoting the collision of academic ideas and the transformation of technical achievements.

We sincerely invites scholars from all over the world to actively participate, conduct in-depth discussions on the latest progress, technical bottlenecks and hot issues in the field of power electronics and electric drives, and jointly promote the technological innovation and sustainable development of the industry.
